

Just a Fly on the Wall

Youve read the speculation. Heard about all the research books. No one has actually come forward and told a first hand account of the deceptions of the Bush Administration. Now someone has. With time running out, finally, an eyewitness has come forward. Within the pages of this book, you will learn that the Bush Administration has: Purposely attempted to rig the last election results and has the elements in place to rig the 2004 election. Knew that Iraq had no WMD, yet planned to invade Iraq, Iran, and Syria even prior to his election in 2000. Makes speeches on making America safer, while allowing Communist spies high security access to government installations. Covered up and prevented NASA investigations into spying and even sent the Vice President and the appointed head of NASA to campaign for the congressman responsible for the spies access to NASA.
