

Weekend in Monterey: An Interactive Travel Adventure

You're smart and sassy, so don't be fooled by the cute sea otter. This isn't a book for children or your grandmother's travel guide to Monterey, California. Instead, it's a guidebook disguised as a mystery. You'll find murder and humor and geocaching. Maybe you'll meet a Civil-War reenactor with huge sideburns, a woman with gravity-defying cleavage, and elves. Maybe, because this is a choose-your-own-action adventure where you make the decisions for the main character while getting a taste of the nature, history, nightlife, and other elements that make the Monterey area unique. You're enjoying a hike among Monterey pine trees while searching for a geocache, a hidden container for which you have a brief description and GPS coordinates. Suddenly you find yourself at the scene of a crime. What should you do? Should you call the police or indulge in your geeky passion? Just tap or click on the option that is most appealing to you. This is an interactive travel adventure story shaped by your choices and enhanced with videos of the area. Solve a mystery, fall in love with the Monterey Peninsula, and start planning your trip with this entertaining and unusual travel guide.
